# Olympic countdow

THE countdown to Lyme Regis' unique Olympic experience started yesterday (Tuesday) with the launch of the local celebrations to commemorate the Olvmpic torch which will pass through the town on Thursday, July 12th.

days to go before the torch relay reaches Lyme Regis.

There to greet the children were the Mayor of Lyme Regis, Councillor Sally Holman, and town council administrative assistant Vicky Stickler, who

is co-ordinating the local Olympic celebrations.

After the torch passes through the main street on its way to the Cobb at about 3.35pm on July 12th, there will be a procession Lyme's own "Olympians" along the seafront to the Cobb where each of them will be presented with a special medlaion and certificate.

All the sporting organisations in the town are being asked to nominate six of their own "Olympians" to take part in the procession. These should represent sporting excellence and stalwart service to their organisations.

It is hoped that the Corinthian Atlantic rowers - Elliot Dale, Chris Walters, Tony Short and Brian Fletcher - will lead the procession.

THE world of Thomas Hughes is a magical place indeed.

Known to his friends as Tom, he is a multi-tal-ented, multi-instrumentalist who combines unique compositions with fantastical animations to produce spectacular performances with his

band "Triops". His inspiration is deeply rooted in 1960s culture and he is particularly influenced by American and French music, films and art.

Tom is 34-years-old and has lived in Dorset all

For the last seven years he has settled on Portland where he enjoys the island life to the full. To sample Tom's work for yourself visit:

## www.mrthomashughes.com ■ WHAT do vou do in a nutshell?

I make alot of things. I'm a multi-instrumentalist musician and film maker. I sing and write my own songs, I produce and record them and I make films and animations to go with them. I do some stop-frame animation using models and lately I've been developing my own technique of making my own paintings and then animating them. I've recently made an animation of some of my flower paintings, which will be projected on to a person instead of a screen. I sometimes do commissions but mainly I work for the pleasure of performing with my own group Triops.

## ■ WHAT might people expect if they go to a Triops

A multi-sensory experience! We have a film for every song and we also link every song with animations that are just made especially for that gig. We only do about four gigs a year. For years I played in bands doing weddings and pubs and the odd tour as a session musician, but I realised I really wanted an outlet to do my own stuff. I have a couple of friends who felt the same so we joined up and put on shows that are not just gigs but are whole performances. Triops means three eyes, there are three of us in the band, myself, Lucy Watkins and Rick Veal. There's also an ugly cannibalistic fish of the same name.

#### ■ WHEN can we next see Triops perform?

We do have a gig coming up but it's not until July, and it'll be in Weymouth. We did a similar one last year, and it was called "Triops in the Incredible Panoramic Dome". We play in the middle with the audience sitting all around us and the entire surface of the dome has panoramic projections on it. This year's gig will coincide with the

#### ■ WHAT'S cool about Portland?

The coastline is so lovely. It's often sunny and when the weather's horrible it's really dramatic. It's also a really friendly place to live and it's lacking in pretention. A lot of creative people live here who are all really modest. And it's cheap too. I live in a really odd house that has bicycles attached to the ceiling and dead moths in the fridge. I love living there.

#### ■ WHAT instruments do you play?

Mostly keyboard instruments. For years I've played Hammond organ, piano, accordion and old electric pianos. I also play guitar and bass and I sing and play drums. I play loads of other things too but not necessarily very well.

#### ■ WHAT kind of music do you make?

The songs are short, melodic and quite dramatic with emotional lyrics about magical heart-breaking situations and the sound is a bit other-worldly with lots of vocal harmonies. I wrote a whole album and sat on it for a while, then friends started saying I should put it out, and you can now hear some of that on the website.

#### ■ WHO and what are you biggest influences?

Terry Gilliam is a big inspiration for my animation, as is 60s American poster art which uses lots of hand tinted Victorian photos. I also got quite obsessed with the 1967 film of the Monterey pop festival. It was similar to Woodstock but beautifully filmed with lovely saturated colours and the quality and sound is really mysterious and lovely. It really encapsulates that era. Musically, my all-time favourite group are a Brazilian band called Os Mutantes but I also like lots of 60s French musicians and producers like Serge Gainsborough, and André Popp who produced 60s French music using unusual instruments like gongs and harpsichords and recorder trios. I like the French music because I don't speak French at all and I like not knowing what the words mean.

## New owners for View and Weekender papers

NINE community newspapers in Dorset and Somerset have a new owner this week in Tindle Newspapers, which already publishes more than 200 titles.

Tindle, a family-owned independent company, have acquired the View From Weymouth, View From Portland, View From Dorchester, View From Bridport, View From Beaminster and View From Lyme Regis from Lyme Media & Events in Lyme Regis.

Tindle have also taken over the Lyme Media group of Weekender titles in Crewkerne, Chard and Ilminster, where Tindle has no free newspapers.

The titles will be published by Devon, Dorset and Somerset Series of Newspapers Ltd, a subsidiary of Tindle Newspapers Limited, publishers of the Pulman's View From titles in Axminster.

Philip Evans, founder of the View From titles, has been appointed managing director, and will continue to run the operation from the Lyme Regis offices together with Tindle's Axminster-based newspapers in East Devon.

All full-time staff at the two centres in Axminster and Lyme Regis will be retained with no job losses.

The combined group will have a total of 15 titles in West Dorset, East Devon and South Somerset with a combined weekly distribution of 46,000 copies, making it a significant player in West Country publishing.

Sir Ray Tindle, chairman of Tindle Newspapers Limited, said: "We are delighted to add the View From titles to our expanding group of community newspapers. They fit perfectly with our ethos of hyper-local publications and have a strong readership and loyal advertising base

upon which we hope to build."

Jerry Ramsdale, managing director of Lyme Media & Events Ltd, said: "I am glad that I will be connected with the View From in the future as a director of the publishing company. I have thoroughly enjoyed my time in local publishing and it makes sense in the current difficult financial climate to bring all the titles in the area under one group.

"I would like to pay tribute to the View From staff for their commitment over the past two years. They are a very talented team. I would also like to thank the advertisers and hope they will continue to support the same continuing team together with Pulman's staff."

## Plans to rid river of pigeons move forward

EFFORTS to improve the water quality of Lyme Regis beaches by ridding the River Lim of pigeon nests have moved a step forward, with a grant of £1,000 from West Dorset District Council.

Town councillors previously discussed employing

a contractor to introduce measures to deter pigeons from nesting and roosting along a stretch of the River Lim, from the mouth to the Town Mill Bridge. The proposal came after a joint meeting between the town council and representatives from the Environment Agency the district council.

Councillors decided to ask both the district council and South West Water for a contribution to the £3,000 cost. At last week's Operational Management Sub-Committee, councillors were told their bid to the district council was successful and they would receive £1,000 on the basis that the town council match funded the donation.

However, no response had been received from South West Water, whose representatives also failed to attend the original meeting.

Councillor Mark Gage said: "It's so disappointing again that we do not seem to be getting any response from South West Water. All people in the South West pay I think the highest water rates and they are getting higher. For that reason I would have really expected something from them. It's disturbing that they are not getting involved."

Councillor Gage added how helpful the Environment Agency had been and how keen it was to move forward with the works, meet the Marine Conservations Society's standards last year.

The town clerk, Mike Lewis, said he would contact another representative from South West Water and

## Barfleur art links

NEWS that Lyme Regis will be officially twinning with Normandy village Barfleur is already fostering an entente cordiale between the two towns' artistic communities.

These collaborations are currently being co-ordinated by the artists behind Lyme Regis ArtsFest, this year to be held between September 8th and 16th to celebrate its tenth anniversary, and Association B'Art'fleur. Both groups are dedicated to promoting arts events outside their town's main tourist seasons.

B'Art'fleur has recently invited Lyme Regis artists to take part in its first Postal Art Competition, "Letter to Barfleur". Envelopes artistically decorated by local artists will be winging their way to Barfleur in the coming weeks, endling up in an exhibition at the Barfleur Post Office during May.

The deputy mayor of Barfleur, Michel Mauger, has likewise invited Lyme photographics to enter a photographic competition to choose a cover photo for the town's 2013 tidal directory.

In turn, Lyme Regis Mayor, Councillor Sally Holman, who is ArtsFest's director and co-founder, is looking at ways to incorporate "Letter to Barfleur" and other twinned collaborations into the special events planned for Arts-Fest 2012.

## Lyme mourns popular former Navy officer

greatly saddened by the death of a local man who served in the Royal Navy throughout the Second World War as a teenager.

Mr David Tappin died in Dorchester Hospital, aged 85, after bearing a long illness with great fortitude.

A service to celebrate his life was held at St Michael's Parish Church, Lyme Regis, proceeded by cremation at Yeovil Crematorium where his four grandsons - Matthew, Michael, Steven and Christopher - acted as pallbearers.

Mr Tappin was born in Lyme Regis but orphaned by the time he was 11 years-old. He went to live with his aunty and uncle, following the death of his mother and father, but joined the Cadet Navy School at HMS St George when he was just 14 years

He served in the Royal Navy for 14 years until 1956 and rose to the rank of Petty Offcer, visiting many places around the world, including being stationed in Sydney, Aus-

Later he saw active service on board HMS Newfoundland at the time of the signing of the Japanese peace treaty in Tokyo Bay on September 2nd 1945.

Mr Tappin married the former Miss Eileen Wheeler in St Michael's Parish Church in 1955 and enjoyed 57 years of happy married life.

After leaving the Navy Mr Tappin had various jobs before spending 20 years as a local postman before retirement.

He was known for his

# Councillors object to digging on seafront with no permission

COUNCILLORS have raised their "strong objections" to areas of Marine Parade being dug up following the approval of a planning application for the Bay Hotel.

Work was carried out at the Bay Hotel after an application for a canopy to cover the outdoor seating area was approved. Small areas of the seafront were dug up for the installation of posts to hold the canopy.

The issue was raised at last week's Operational Management Sub-Committee meeting, when councillors were asked to consider a request from Bay Hotel owner, Brendan Cable, to create a decking area outside the establishment.

Chairman Councillor Chris Clipson said he had gone to meet Mr Cable to discuss his idea for decking and was "quite disturbed" to find builders digging up parts of Marine Parade. He reminded councillors that they had rormended approval for the canopy and West Dorset District Council had given final approval.

Councillor Anita
Williams said: "That
doesn't give them to right
to dig up our tarmac."

Councillor Lucy Campbell added: "Just because it went through planning doesn't mean the council agreed that they could use the land. I'm not in favour of either the canopy or the decking. It blocks off areas of Marine Parade that are public."

Councillor Williams continued: "Planning is planning. I could apply for planning permission over your back garden, it doesn't give me the right to build on it.

"I'm upset that they have just gone ahead and done it. We can't just let them take advantage of us. If they are doing this illegally we should stop them."

The Mayor, Councillor Sally Holman, said she thought a canopy would look better than tables and chairs with umbrellas. However, Councillor Campbell pointed out that umbrellas could be cleared away when the hotel was closed.

Returning to the request for decking, councillors asked why Mr Cable wanted to install it. Councillor Clipson reported that Marine Parade fell in two planes outside the LYME REGIS TOWN COUNCIL by Francesca Evans francesca@pemedia.co.uk

■ NO PERMISSION: Areas of Marine Parade outside the Bay Hotel were dug up to make way for a canopy

hotel, making the tables wobbly and uneven.

Councillor Campbell said: "This is Lyme Regis, we fall in lots of directions in lots of different places. If it's too slopey in that point don't put tables and chairs there. You have to look realistically at what space you can use for your business."

#### Should be stopped

Councillor Williams said: "I don't have a problem with the canopy, it probably will look quite nice. I don't in principal object to the decking although we may have to take legal advice on that. I do object strongly to them digging up Marine Parade without permission. They should be stopped."

Councillor Mark Gage asked what could be done to stop them digging without permission. The town clerk, Mike Lewis, said they could stop it until the owner came to the council to put forward the idea.

Speaking on the request for decking, Councillor Gage said the only permanent or semi-permanent thing on Marine Parade should be the metal studs the council planned to install to show outlines of the area seafront businesses could use for outdoor seating when they had agreed on site licenses.

Councillor Michaela Ellis said the site licenses should be sorted out as soon as possible, pointing out that they had not even agreed on the space the Bay Hotel could use for outdoor seating yet.

She added: "I'm dead against this. We have to think that the emergency services might need to use that space. Tables and chairs can be cleared away quickly but with decking it could be someone's life, someone's house."

Councillor Clipson agreed that site licenses needed to be sorted. He explained that a letter would be going out to seafront traders asking them to come back with what space they would like to use by April 30th.

Councillors will then consider the requested areas using a map or by a site meeting on the seafront before metal studs are installed on Marine Parade to outline the agreed upon spaces.

Councillors agreed to object to the request for decking and ask Mr Cable to reinstate the area dug up for the canopy and asked the town clerk to take legal action if necessary.

## Mystery light spotting launches coastguards

LYME Regis Coastguards were launched when a mystery light sparked concerns on Friday night.

Coastguards recieved a report of the light, which someone had thought was a morse code being sent from out at sea. They were launched at 9m.

Rescue officers quickly recognised the light as that of a south cardinal mark used to warn ships of hazardous areas.

Not further action was taken.

## Mayor raises profile of chosen charity

HE Mayor of Lyme Regis, Councillor Sally Holman, played host to over 80 guests on Friday for the annual Civic Night.

The Mayor used the occasion to raise the profile of her chosen charity, LymeNet Community Learning Centre, as well as to promote what is hoped to be one of the busiest and exciting summer seasons for Lyme.

The event was held at the Woodmead Halls, decorated with a jubilee theme by Judith Pothecary. Guests representing Lyme organisations and neighbouring local authorities were announced into the room by new town crier, Alan Vian.

They were greeted by the cicvic party, including the mayor, mayoress Jane Whittington, town clerk Mike Lewis and macebearers Derek Hallet and Colin Barker.

Special guests included chairman of West Dorset District Council, Councillor Gillian Summers, accompanied by Bridport town councillor, Geoff

Ackerman; Mayor of Bridport, Councillor David Rickard and his wife Anne; and Mayorelect of Portland, Councillor Sylvia Bradley and Councillor Sandra West. Also attending were many of Lyme's town councillors and former mayors.

Following a buffet supper provided by chef Jon Leeming and staff, the mayor drew her guests' attention to leaflets promoting Lyme's diamond jubilee celebrations and other summertime events.

Councillor Holman then

introduced town councillor Lucy Campbell and Liz Davis, from LymeNet, who spoke on the role of the community learning centre, who it benefits and how it is funded.

Although having recently recieved a Lottery grant of £87,000, Councillor Campbell said this funding would cease in two years and she could not be certain how LymeNet would continue to operate in the future.

A raffle was also held in

aid of the charity, with a total of £220 raised - enough to fund a 10-week IT course for two people. Following the speeches, guests enjoyed music from Wessex Star Discos.

## Local beer and music the secret to success

SHOWING off some of the best in local produce and entertainment was the secret to success for the second annual Lyme Regis Beer Festival.

Held at the Marine Theatre on Saturday, the fes-tival featured 21 beers and eight ciders from the Lyme-based Mighty Hop Brewery and Town Mill Brewery, and Art Brew based in Chideock. There was food from Mulberry Manor and a barbecue by Higgledy Piggery.

In the evening, singer Chris Garcia entertained followed by headline local band 'Coast?' who had the audeince up and dancing, with Ben returning to the stage as a guest singer.

## Amnesty branch learn about Burmese activist

AUNG San Suu Kyi wasn't planning on leading the opposition when she arrived in Burma in 1988, author Peter Popham explained during an Amnesty International talk in Lyme Regis last week.

Mr Popham told the Lyme Regis branch that she'd only returned to her native country to nurse her sick mother for a few months. She was a devoted mother and wife, not a political activist, and it was anguishing for her to be separated from her family for the many years she was under house arrest.

Besides outlining her political activities, Mr Popham included lesser known parts of her life such as her years at Oxford. He said everyone thought of Aung San Suu Kyi as a saint but he'd wanted to show her as a more complicated figure in his recent book, "The Lady and the Peacock: The Life of Aung San Suu Kyi".

Around 50 people attended the talk about the Nobel-prize winner and afterwards Mr Popham signed copies of his book.

## RNLI beat £3,500 fundraising target

DONATIONS to buy new lifejackets for the Lyme Regis lifeboat crew have beaten the target of £3,500 by hundreds of pounds, with a further boost of £1,500 made last week.

The Lyme Regis crew were set the target to buy the new lifejackets during the RNLI's SOS fundraising project in January.

Lifeboat treasurer John Dover said: "Organisations and individuals really took our appeal to heart and we soon reached the target. For example, one man just handed us a £20 note as he walked along the Cobb, and at the other end of the scale the Rotary Club donated £700 from the Lyme Lunge over Christmas. A bingo evening raised £800 and the pupils of St Michael's School donated £115.

"We 've acknowledged all the donations, of course, but we just have to say a mighty thank you to everyone and to assure them the money will be put to very good use, including training new recruits at their local lifeboat station.

"The lifejacket appeal was crucial because the safety of our volunteer crew is paramount when they answer emergency calls."

On Saturday a cheque for £1,000 was presented by the Seaton Sea Anglers, the result of a year-long fundraising effort. In recent years the anglers have donated a total of £5,750 to the RNLI.

Chairman Bernie Rosewarne said: "The lifeboat volunteers have helped us out

in the past, so we feel it only right that we should give them a helping hand."

Bernie presented the cheque to Mr Dover at the anglers' annual award ceremony at Winston's, Seaton, and at the same time Woodfield Stores proprietors Clare and Chris Williams donated a further £50.

On Sunday, retired Millfield School teacher Dick Ransley, a member of the Axe Yacht Club, presented a cheque for £409 to the lifeboat crew. Dick chose the RNLI as his charity during his year as captain of the Millfield School Staff Golf Society, and the money was raised from "fines" imposed on members.

## What shall I do with Mum?

I was spending every weekend with her, leaving at 5am on a Monday morning to beat the commuter traffic back into London. My first act after arrival greetings was to throw away the microwave meals, fresh vegetables and fruit she could not bring herself to eat alone during the week. She was losing interest in even everyday things, had stopped marking her TV and radio choices in her TV Times, wasn't writing poetry anymore and complained constantly that she "wanted to see more of the family". I had to face it: she'd done well that first year since Dad died, and although still a fiercely independent woman, was pining away from loneliness and social isolation. She was looking increasingly towards the 'family', who were no longer the single group of her memory, but had developed into independent busy units with different lifestyles and interests which only allowed for infrequent visits. If anyone was going to do something to raise mum's quality of life, it was down to me.

She wanted residential care, so she said, so I would buy her a Home and live there with her!

I made a wish list for a small 'homely' Home where we

- 1 All be family to each other.
- 2 Bring Mum's precious furniture.
- 3 Love to live & explore.
- 4 Have cats.
- 5 Eat lovely home-cooked food
- 6 Have lots of stimulating activities available.
- 7 Buy a mobility bus to get out and about.
- 8 Build new friendships in our new venture.

I made a marathon search all over the southwest and Wales and looked at 31 homes for sale. Then I found all my wishlist in Clarondene in Lyme Regis, and we moved to our new life together in 2006. Mum is now buried next to Dad in Ketton Green Burial Ground in Rutland, but at Clarondene I was able to support her in her last years and be beside her when she died.

I measure everyone's living and passing against that one central question – HOW WOULD I LIKE MY OWN MUMTO SPEND HER LAST YEARS AND EXPERIENCE HER LAST BREATH?

RIP Mum, and all who have passed away here: We remember you.

Festival organisers, Lyme Regis Development Trust, have put in a request to the town council to use the shelters for the unique and exciting project.

Speaking at last week's Operational Management Sub-Committee, Councillor Terry O'Grady said: "I think it's a fantastic idea. I can't wait to go on it myself! My only little concern is that it's a commercial event."

Earlier in the meeting, councillors had agreed on new hiring charges for the shelters, which would total £600 plus VAT for the requested area for the simulator.

Councillor Michaela Ellis said: "If it's a commercial thing they should be paying. We have just set the charges. The way I read it is that it's charging for a go so we should be charging them."

However, some councillor were unsure whether the development trust

should be charged, as the simulator was part of a festival and would be putting some money back into projects such as LymeNET and The Hub.

The Mayor, Councillor Sally Holman, said: "I'm not sure how I feel about charging them, it's part of the Cultural Olympiad. Although they are charging, it's a great attraction so I would not like to see them put off by a high charge."

Councillor O'Grady added: "This is not just going to pull people in. This is one of the first things of its kind. It's going to pull a lot of people in."

Councillor Chris Clipson pointed out that the simulator would cost a lot in electricity. Councillor Holman agreed that the development trust should be charged for the electricity used.

Councillors decided to agree to the request in principal and decide on a charge at a later date after receiving more information from the deputy town clerk

# Charmouth children try out tae kwon-do with local instructor

A LOCAL tae kwon-do instructor spent a whole day in Charmouth Primary School offering pupils a taste of the increasingly popular martial art.

Gerry Waugh, who runs classes at Charmouth Community Hall twice a week, as well as classes in Axminster, Bridport and Sidmouth, provided eight separate tae kwon-do taster sessions to different groups from the school's top four year groups. The children were given an introduction to some basic tae kwon-do kicks, punches and blocks and then given the opportunity to try their newly acquired skills against a pad.

Pupils participated enthusiastically, with several even going along the same evening to Mr Waugh's regular class.

The event was organised by Year 6 teacher Chloe Richards, who is also a black belt in tae kwon-do and trains with Mr Waugh.

Two of his regular tae kwon-do students, Maisie Bellworthy and Carl Jordan, who both attend Charmouth Primary School, helped him throughout the day with demonstrations of the techniques they know to their school friends.

## Meeting the Boys of the Old Brigade

EXT week I am off to the Royal Hospital in Chelsea to meet the two old soldiers who will be staving in Lyme Regis over the weekend of the Queen's Diamond Jubilee celebrations

The two Chelsea Pensioners will travel down to Lyme Regis on the train from Waterloo on Friday, June 1st and stay in the town for the four-day

## **Lyme Matters**

Leslev Stone, owner of the Royal Lion Hotel, has kindly agreed to provide accommodation for them and Tony Colston is making arrangements for them to be fed at local restaurants

The two Chelsea Pensioners, who will be wearing their distinctive scarlet uniforms, will be the guests of honour at all the Jubilee events and will take pride of place in the civic parade

on the Saturday morning (June 2nd).

Having received confirmation that the Chelsea Pensioners would be visiting our town. I was keen to source the piece of music that accompanies them when they enter the arena at the annual Roval British Legion Remembrance Service at the Royal Albert Hall.

Gordon Smith (aka Nomad) from Lyme Regis TV came to the rescue and has sourced the track of the UK milatry march "The Boys of The Old Brigade".

The civic parade will be led by Lympstone Brass Band and I'm hoping they will be able to play this piece of music

as the parade makes its way down over the town.

As programme co-ordinator of the Jubilee celebrations in Lyme, I'm pleased to report that the arragements are now very much in hand and I hope those who have seen the brochure we have produced (available from the Tourist Information Centre or the View From offices) will agree that we will be doing Her Majesty proud on this historic occasion.

I think most local organisations will be represented in the civic parade which will process from Holmbush car park to the seafront where the Mayor, Sally Holman, will take the salute and from where a loyal address will be delivered.

And there is already excellent support for one of the other main events - The Big Sunday Lunch - with over 120 places already booked.

Most importantly, I think it will be a great coming together for the

## 'You will never believe this...'

WITH Lyme Regis Town Council advertising for a new works manager (salary £22k to £26k), a move not wholly condusive with these days of austerity and public sector cut-backs, much of the talk among some of the non-councillor contingent at the Mayor's Civic Evening on Friday was that a leading councillor had applied for the job.

I found this hard to believe but one former councillor present was adamant this was the case.

But the electorate of Lyme can rest assured that a councillor is not able to vote in favour of creating such a new position, and perhaps help to write the job description and then get the job himself (Oops! That narrows it down a bit).

I have it on good authority that the rules of local government say that a councillor has to be off the council for at least a year before applying for a

However, it gave rise to one of those "you'll never believe this" type of conversations that appeal to sad souls like myself at such occasions.

Sally Holman's policy at her civic night has always been to give a local project or organisation the chance to make a presentation to the town's movers and shakers. I always think it is a shame we don't extend an invitation to civic guests from across the Devon border. It's always nice to welcome our Dorset guests, but we have far more in common with Axminster than we do with Portland. No offence to Portland in-

## Lyme author releases new history book on Mary Anning

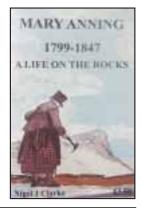

LYME Regis author and fossil walk guide, Nigel J. Clarke, has relased a new history on England's most famous fossil hunter.

The new book, named "Mary Anning 1799-1847 A Life on the Rocks", details the Lyme paleontologist's major finds, including icthyosaurs, plesiosaurs and a pterodactyl. It also includes notes on other major pioneering paleontologists of Mary Anning's time, such as William Buckland, Henry de la Beche and William Conybeare, who were her friends and

As well as releasing his new book, Mr Clarke, a life-long resident of Lyme Regis, has also had his previous book "Lyme Bay Fossils" re-printed. This guide explains why fossils are found around Lyme Regis and the types of fossils likely to be found.

The books are available in printed version in local outlets and on Amazon as a Kindle version.

# Action needed to solve 'chronic' parking issues

■ SURELY it is time for the many coffee shop owners and other traders in Broad Street in Lyme Regis to get together with the appropriate authorities to press for a move to make life easier for themselves and the visitors.

I am referring to the chronic parking situation in the main street which would undoubtedly be alleviated if visiting coach drivers were allowed to drop off their passengers at the top of the road near the cinema instead of at the bottom (the Square).

I believe such a move would greatly help the many elderly visitors who cannot patronise the traders because they are unable to cope with walking up the steep street. It would also go a long way towards easing the many seasonal traffic snarl ups in town.

Arrangements could be made for the coaches to pick up only in the Square area – a system easily implemented if a plan to turn Cobb Gate Car Park, agreed upon several years ago I understand, into a pick up and turn-around area only is brought into effect without delay.

I appreciate that this will result in the loss of some short-term parking, but the benefits will undoubtedly outweigh the disadvantages.

Every year we see the Square becoming more and more clogged with traffic, causing great difficulty to emergency vehicles in particular. As Lyme's popularity continues to grow, the situation will get much worse as the accident potential increases. Action needs to be taken sooner than later.

## Thank you for sympathy cards

■ THROUGH your Lyme letters page we would like to take this opportunity to thank everyone who sent the 'mountain' of sympathy cards for the passing of our mother, Beryl Derrick.

We gave mother a fantastic send off with a Thanksgiving Service at the Baptist Church, and it was a great tribute for the family and friends who got together and celebrate her life. We would also like to thank Philip Evans who found some very special words from his memory of our mother in his weekly column.

Our condolences to the families of both Freddie Smith and Frank Samson who together with mother were all larger than life characters in Lyme Regis.

## Forgot Penny Black Cafe

■ IN Lyme Matters "Spoilt for choice in foodie Lyme (View From Lyme Regis, March 28th), Philip Evans cited all the excellent eating places in Lyme but omitted, I feel, on of the newest and the best, the Penny Black Cafe - a family concern at the top of Broad Street behind the Post Office.

for many people. It has a good comprehensive menu, with all excellent homemade food, which includes lot of gluten free items but it is also such a well appointed lovely, welcoming and friendly place, and it is at the top of the hill and near the bus stop!

It has already become the meeting place in Lyme

## Casterbridge Fires

## The Fireplace - still the heart of your home

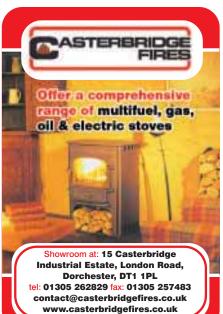

AS a crucial source of heat in your home, and with a huge range of styles to choose from, fires and fireplaces are once again at the top of the list of desirable features. A fireplace puts heart into a house, and flickering firelight provides a delightful ambience and a real focal point for your room.

Although traditionally constructed of heavy permanent materials, fireplaces needn't be forever. A carefully chosen fireplace provides a dramatic facelift; its installation possibly taking no more than a day or two, and the total cost is

worth every penny when you see the end result! There are two main as-

pects to consider. The style and appearance of the fireplace itself and the fuel it will use. Fuel may be the traditional 'solid fuel', or perhaps you find gas or electricity more convenient. There is a vast choice of materials from which a new fireplace can be made. So put the heart back in your home - take a look at the wide range of ideas at Casterbridge Fires Ltd - from stoves to open fires, from wood to marble, from plain to

## View 2 Music

## An evening of dancing, drumming and delight with Bulawayo

ZIMBABWEAN dance band Bulawayo will be bringing their uplifting music to Bridport Arts Centre on Saturday, April 7th at 7.30pm.

With hypnotic and joyous Ndebele and Shona vocals from Cecilia Ndhlovu, listeners will be taken on a journey through Zimbabwe. Driven by classic jit-jive guitar and rolling chimurenga bass matched with the powerful drum patterns of modern Zimbabwe.

Cecilia grew up in Bulawayo in Matabeleland, southern Zimbabwe. She learned to dance at school where because of her natural talent she was known as 'magida omncane' or little dancer. When she was 16 she joined the national dance troupe Black Umfolosi and several years later she began to sing, dance and tour the world with one of Zimbabwe's biggest stars, Oliver Mtukudzi. She worked with Oliver for six years and recorded five albums before moving to England.

After entertaining audiences at The London African Music Festival 2010 and now with a four strong line up with entrancing mbira thumbpiano, lead guitar, bass

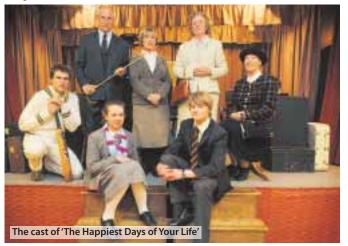

and drum kit the group reflects the sound of modern Zimbabwe with a universal energy that appeals to all.

Tickets are available from Bridport Arts Centre's box office, Tuesday to Saturday 10am - 4pm, 01308 424204. Balcony Seats: £12/£11/£10. Standing: £10/£9/£5.

## ST TRINIAN'S COMES TO DRIMPTON — ALMOST!

"FUND-RAISING can be fun". That is what the villagers of Drimpton think. All communities need places where everyone can come together, and in our rural villages the Village Hall is often the place. But Village Halls, like houses, need upkeep and renovation. Over the last few years it has become clear the Hall in Drimpton needs attention. On the wish list is a disabled toilet, better access, updated changing rooms and a new improved kitchen. That's a big ask. But villagers are staging a range of activities and events through the year to help fund the project. The first event is a riotous comedy play, 'The Happiest Days of Your Life' by John Dighton. Set in 1946, it is a St Trinians-style farce – an hilarious Battle of the Sexes erupts when a boys' school and a girls' school are forced to occupy the same buildings. Melody Newman, the play's director, says: "When I heard that the Hall needed to raise funds, I thought: 'Why shouldn't fund-raising be done with fun?' Our play is a laugh from start to finish. It's in the spirit of the classic Ealing comedies of the past. It'll put a smile on everyone's face." Mike Saunders, Chair of the Village Hall Committee, says: "The Hall celebrates its 90th anniversary next year and we want it to be at its best. Over the years generations of villagers have done their bit to maintain the Hall. And they did very well. It's now our turn. We have made a great start by raising around £17,000 and work has started on the disabled access. The ramp was completed by village-based tradesmen last week. But more funds are needed. It's great that Melody and her team of village actors have stepped forward to help the community improve our fantastic

## From Page to Screen offers Easter Holiday fun for all the family...

THERE are films for all ages during the Easter holidays at Bridport's From Page to Screen, the UK's only film festival dedicated to the adaptation of books into films, which takes place on April 11th-15th 2012.

Titles include *Diary of a Wimpy Kid*, based on the biggest publishing phenomenon of this generation, and *Red* **Dog**, a new Australian hit adapted from Louis de Bernieres' take of a canine outback hero. *Red Dog* will be shown at 2pm at The Electric Palace on Thursday, April 12th while Diary of a Wimpy Kid will be screened at The Stables at 11am on Friday, April 13th with free tea and coffee for parents provided by The Bull Hotel, and goodies for children from Wimpy Kid publishers Penguin Books. Leakers Bakery is preparing gingerbread

There are some less well-known but equally entertaining family movies such as the 1956 classic *Forbidden Planet* featuring cinema's greatest robot in a sci-fi retelling of The Tempest. Families can also enjoy screenings of *My Fair Lady* and *Arriety*, a stunning animation that relocates the beloved 'Borrowers' to the edge of Tokyo

From Page to Screen Committee Member Ines Cavill said: "We're presenting some fantastic family films this year that should appeal to a broad age range. Obviously the bigger hits will be popular, but we're also urging parents to give some of the more unusual films a go and encourage their kids to see all kinds of films at the cinema, not just the latest blockbusters

"I love watching - and re-watching - great films with my kids but they're mostly DVDs of good modern releases (I know way too much about the Shrek trilogy for a 43 year old!), so I'm really looking forward to introducing them to a big, classic film like 'My Fair Lady' - and on the big screen too."

Showing 20 films over five days at Bridport Arts Centre and The Electric Palace, most films will be accompanied by a guest speaker involved in the writing or film-making process.

## **Poetry for Pleasure**

by Frank McGarry

This anonymous verse was written in Latin in the Third Century. It is from 'The Vigil of Venus' and was translated by F.L. Lucas.

Loveless Hearts shall love tomorrow, hearts that have loved shall love anew, Spring is young now, spring is singing, in the spring

the world first grew; In the spring the birds are wedded, in the springtime

true hearts pair, Under the rain of her lover's kisses loose the forest flings her hair.

Now in shadows of the woodland She that binds all true loves' vows,

She shall build them bowers tomorrow of her own green myrtle-boughs. There Dione high enthronèd on her lovers lays her law Loveless Hearts shall love tomorrow, hearts that have loved shall love once more.

As we approach Easter our thoughts turn to Christ's death on the cross at Calgary. This traditional verse is of unknown authorship but maybe of American origin. Lyrics based on this poém have also been written and set to music by American groups such as 'The Hoppers' and 'The Southern Plainsmen'

#### THE CROSS WAS HIS OWN

They borrowed a bed to lay His head When Christ the Lord came down; They borrowed the ass in the mountain pass For Him to ride to town;

But the crown that He wore and the Cross that He bore Were His own – The Cross was His own.

He borrowed the bread when the crowd He fed On the grassy mountain side, He borrowed the dish of broken fish With which He satisfied.

But the crown that He wore and the Cross that He bore Were His own – The Cross was His own.

He borrowed the ship in which to sit To teach the multitude; He borrowed a nest in which to rest-He had never a home so rude; But the crown that He wore and the Cross that He bore Were His own – The Cross was His own.

He borrowed a room on his way to the tomb The Passover Lamb to eat; They borrowed a cave for Him a grave They borrowed a winding sheet. But the crown that He wore and the Cross that He bore Were His own – The Cross was His own.

This next verse is from the anthology 'Staying Alive'. It is by the Czech poet Vladimir Holan and was translated by George Theiner.

## RESURRECTION

Is it true that after this life of ours we shall one day be awakened by a terrifying clamour of trumpets? Forgive me, God, but I console myself that the beginning and resurrection of all of us dead

will simply be announced by the crowing of the cock.

After that we'll remain lying down a while... The first to get up will be Mother... We'll hear her quietly laying the fire,

auietly putting the kettle on the stove and cosily taking the teapot out of the cupboard. We'll be home once more.

# Bridport's 115 Club - a treat for the tastebuds and the ears

NESTLED in the cellar of the Bridge House Hotel is one of Bridport's worst kept secrets – the 115 Club.

Now three sessions in, the town's only jazz and dining experience is gathering fans of its intimate venue where a red hot menu meets cool jazz played by some of the country's top performers.

Within the club, with its low ceiling and dimmed lighting, are a limited number of tables which means you are guaranteed to feel part of a select privileged few allowed to be part of something that is more than just music.

The night I went there were only 16 other people. It meant the music and intricacies of Weymouth based singer/pianist Julie Lewis had room to shine over top of Simon Rushbrook's double bass as they made their way through a host of jazz classics.

But first the night began with a two-course dinner. Shown to my table and furnished with a drink, the friendly staff made sure I wanted for nothing; although my first time, they made me relaxed in a way that made me feel I was a regular.

First came the beautifully cooked trio of scallops, which were and a real treat - moist, tender and married perfectly with chorizo flakes.

Then I had a chicken breast on a bed of chorizo and smoked ham cassoulet – something devised by chef Roger Smith and so good I would have happily just had a huge bowl of it with a French baguette. Again the dish was cooked perfectly with the moist chicken working in tandem with the al dente green veg.

This was all washed down with a Tyrannosaurus Red from the Furleigh Estate – just one of a dozen wines available from the extensive list.

The East Street club is modelled on Steve Rubie's famous 606 Jazz Club in Chelsea and aims to showcase the finest selection of British musical talents. Primarily Jazz (both modern and traditional) the club will also host styles such as Blues, Soul, Latin and R&B, performed every other Thursday.

Judging by the previous artists and the forthcoming schedule of established up and coming musicians the club's iazz aficionados are in for a real treat.

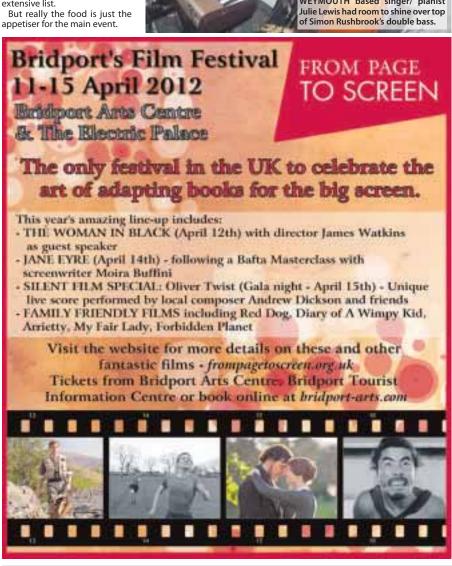

Pre-booking for dinner between 7pm and 8pm is essential, and guests should telephone on the day (between 2pm and 6pm) to confirm numbers in their party, at which time they will be informed of the cover charge - anticipated at between £5 and £10 per guest. Unfortunately late-comers cannot be accommodated as dining must be completed before the music starts at about 9pm.

For more information please call 01308 423371.

## Blues for all tastes at Square and Compass

DAVE Saunders of Mojo Promotions once again brings some truly international acts to our area over the next few weeks and is anxious that advance tickets are booked to be sure you can get in! First off at the Square + Compass, nr Ilminster is *Chris Jagger* and his Acoustic Roots on Friday, April 13th.

Chris's career, unlike his brother has spanned many fields in the artistic spectrum, from clothes design and theatre to journalism. His first records were made during the 1970s for David Geffen of Asylum Records in Los

Angeles and he toured the USA and the UK. He revitalised his song writing in the late 1980s when he worked in France as lyricist for producer Franck Langolf (Vanessa Paradis) and helped brother Mick out on the Rolling Stones acclaimed albums 'Dirty Work' and then later 'Steel Wheels.' Chris decided to then concentrate on his own material and the result was the critically acclaimed Sequel C.D. 'Atcha!' in 1994, a mix of Cajun style graced with Chris's individual brand of song writing with contributions from Dave Gilmour (Pink Floyd) and Dave Stewart (Eurythmics) and a touch of brother Mick on 'Stand Up for The Foot.'

'Act of Faith' released in 2005 on SPV, brought Chris and his music to a wider audience in Europe, Australia, Japan and Canada where he appeared at the Montreal Jazz Festival in 2007. Besides writing and touring Europe with his band, Chris has recently written and presented a three part series for BBC Radio on Alexis Korner, the pioneering blues musician and broadcaster.

He has also finished a film for Sky Arts on the blues in Austin Texas with guest contributions from some of the finest and most respected blues musicians including Muddy Waters pianist Pine Top Perkins, Hubert Sumlin who worked with Howlin' Wolf and guitarist Jimmy Vaughan.

His Acoustic Roots Trio with David Hatfield on bass and Elliet Mackrell on the fiddle have performed across the country for the past two years playing soulful and tuneful music mostly with Chris's own tunes but including a smattering of country, hillbilly and the Irish thrown in. They are happy to play for dancing or just listening to and the acoustic combination of guitar, double bass and fiddle together with their voices adds up to an evening to be enjoyed by all.

Sunday, April 22nd has a real coup for the Square! **Savoy Brown** featuring **Kim Simmonds** appear at their only South West gig, which in itself is one of only three the band are playing in the UK between flying from the USA and an extensive European tour. 'Legendary' … 'a blues/rock institution' … 'true innovators'. These are just a few of the ways Savoy Brown has been described over the past forty years by music critics and fans. One of the earliest of British blues bands, Savoy Brown, with founder gui-

tarist Kim Simmonds at the helm, helped launch the 1967 UK blues boom movement that brought blues music back to the USA invigorating the style forever. In the process, the band became part of the framework that launched the rock and roll music of the 1970s. Their influence now stretches into modern rock as we know it today.

After the successful run of the early to mid 70's, Kim moved operations to the USA where they are still based and continued making the kind of records he wanted to make with a succession of line-ups. Records as diverse as the acoustic blues 'Slow Train' to the hard-hitting 'Rock And Roll Warriors' appeared. All were eagerly accepted by the fans. Now touring to promote the bands new album 'Voodoo Moon' this date is bound to sell out - advance booking definately advised. From London's Soho night clubs in 1966 to headlining the world's most

famous venues (Carnegie Hall, Fillmore's East and West, Cobo Hall, etc) Savoy Brown has done it all and as the band continues to tour worldwide they give a glimpse into the past and also inspire new listeners with their personal brand of rocking boogie blues and rock

## **Driving nine till five**

**DO** you ever arrive at work and realise you can't remember anything about your drive there?

Diving on auto pilot is a dangerous thing, but there are plenty of things you can do to make your daily commute safer.

Keep the car maintained. You may be driving with the low sun in your eyes, so make sure your windscreen washer fluid is topped up and that your windscreen and windows are clean. Check and adjust your tyre pressure regularly, and keep an eye on tread depth – this must be at least 1.6 millimetres – and their condition. You should also keep the oil at the right level and check all of your lights work.

The biggest problem with commuting is that everyone travels at the same time. People get frustrated and tired and will be inclined to behave unpredictably – watch out for people changing lanes suddenly as they try and get ahead of the traffic. Be wary and anticipate the actions of road users around you.

Stay calm. Being stuck in traffic and late for work is stressful, so allow a lot more time than you're likely to need for the journey. I recently spent two hours on the M4 and covered only three miles. If you're going to be late and need to let a colleague know, pull over into a safe place not obstructing other traffic, switch the engine off and make the call before carrying on. Avoid rushing the rest of the journey to make up time. Better late than never, especially where your life's con-

Lanehouse

www.lanehousegroup.co.uk

cerned. And please, don't be tempted to use your smartphone to check your work emails while you drive.

Check the weather forecast before you travel, especially when making a long journey. Heavy rain always slows traffic down, and in very severe weather conditions you need to consider if it's safe to travel. When you are on the road, listen out for traffic updates on the radio in case your route is affected, but never look for updates on your mobile phone or satnav while on the move. The Highways Agency has a useful app with up to date traffic information for incidents on its roads, but remember you are breaking the law if you access it on a hand-held device, while moving.

Knowing an alternative route in case of an accident or road closures is also useful.

Does your insurance cover you? Many policies will include commuting, but make sure they do, and if you start a job which involves commuting further remember to increase the mileage on your insurance premium. If you are expected to drive for work, you need to make sure your insurer covers you for business mileage too. If you have an accident driving for work, you won't be covered if you don't have this. Many employers will have driver risk assessment schemes in place, and company insurance, but they are not legally obliged to do so, so don't leave this to chance. Caroline Holmes

## BEAT THE PETROL CRISIS AND SAVE FUEL BY ECO DRIVING!

**THE** IAM is urging drivers to adopt fuel-saving driving techniques rather than stock up on petrol.

While the queues at filling stations continue, many drivers could save up to ten per cent simply by adopting a smoother driving style.

IAM chief executive Simon Best said: "Green driving techniques can easily improve fuel efficiency by up to ten per cent. In other words, if the monthly price of filling up is typically two tanks at £70 each, an advanced driver can save £14 a

## The IAM has some easy tips to reduce fuel consumption:

• Read the road ahead and try to anticipate what the traffic around you will do, for example at traffic lights, roundabouts and junctions. There's no use accelerating hard away just to have to brake 50 yards on – both MPG killers. Cruise control is useful and economic for

smooth driving on long journeys, but turn it off on hills.

- Stick to the speed limit. Reducing speed from 85mph to 70mph can save up to a litre of petrol every 20 miles.
- Switch off the engine if you are going to stop for some time at a level crossing or slow-changing lights. Small cars use 1.5p of petrol every minute and medium-sized cars lose petrol and money at double this rate.
- Lighten the load. Excess baggage or an empty roof box will increase your fuel consumption. Check that the contents of your boot are essential, and remove the roof box while not in use.
- Check your tyres. Underinflated tyres will increase your fuel consumption by up to three per cent. Check tyre pressures when the tyres are cold, at least once a month.

## **SPRING TYRE SAFETY ADVICE** FROM MYTYRES.CO.UK

**SPRING** flowers are appearing in parts of the UK and so thoughts are beginning to turn to the prospect of warmer weather and possibly longer and more frequent car journeys. mtyres.co.uk, part of Europe's leading online tyre retailer Delticom, is offering motorists some practical road safety advice related to the tyres on their vehicles. The incentive to check tyres in the cold and dark winter months may well have led to these crucial components being time expired and in need of

## Mytyres.co.uk is offering the following simple five-point safety check:

Firstly, ensure that all tyres have at least 3.00mm of tread depth for maximum safety - the law requires a minimum of 1.6mm of tread on all running tyres. However, experts recommend more tread depth for greater safety. A simple tip from mytyres.co.uk to drivers who do not have a tread depth gauge handy is to look for the three letters TWI, or a similar indication with the same meaning, such as an arrow, which appear on the tyre's sidewall. The letters stand for Tread Wear Indicators (as well as the arrow) and adjacent to those letters are raised areas at the base of the tread grooves, set at 1.6mm. This indication serves as a visual warning of when the tyre is approaching or at the minimum legal limit.

Secondly, check and adjust if necessary tyre pressures against the manufacturer's handbook recommendations. Incorrect tyre pressures increase wear and use more fuel and increase CO2 emissions.

Thirdly, check for uneven wear or other damage which can be caused by tyres/wheels being out of alignment following hitting a kerb or a pothole in the road. It is recommended that if in doubt motorists should consult an expert at a garage or tyre fitting station.

Fourthly, clean dirt from around the tyre valve and fit dust caps. And check for any sidewall damage, cuts or bulges, again if in doubt about any possible damage drivers should check with an ex-

And finally, if whilst driving the driver experiences vibration, wheel wobble or discovers adverse signs of wear, front tyres should be checked

Should replacement tyres be required, a wide range of quality tyres – in excess of 100 brands and 25,000 different models - are on offer to suit all requirements by checking www.mytyres.co.uk.

## Need to keep car costs down? Opt for a Volkswagen, says Parkers

**VOLKSWAGEN'S** Polo through the data pro- editor of Parkers savs: and Touran models have claimed top honours in the Parkers Cost of Motoring New Car Awards 2012, being judged the cars in their respective classes which make motorists' cash go the furthest.

The Polo Match 1.2litre TDI three-door won the Small Hatchback category - no mean feat in a market sector which is so pricesensitive - while the Touran S 1.6-litre TDI BlueMotion Technology went on to victory in the hotly contested People Carrier category. Now in their second year, the Parkers New

Car Awards were designed by the experts at the car-buying website to help purchasers identify 'the cars that make your cash go further'. The winners, than being rather based solely on the opinions of a panel of judges, are determined

duced by Parkers' 'cost of motoring' tool http://car-costs.parkers.co.uk. This uses objective data to identify all the different elements involved in keeping a car on the road for three years and covering 30,000 miles, including depreciation, taxes, service, maintenance and repair, fuel consumption and breakdown cover.

Commenting on the awards, Kieren Puffett.

'With the cost of motoring continuing to rise, customers are keener than ever to secure the best deal when buying a new car; yet motorists are often unaware of the unseen and longterm costs involved. Last year's awards revealed a huge disparity in what motorists pay over the first three years of owning a new car and many people were surprised by the results.' He added: 'To win one

## LYME REGIS 2 ILMINSTER RESERVES 1

**NEWLY** crowned Premier Division champions Lyme Regis were forced to come from behind to extend their lead at the top to 11 points after a feisty clash with Ilminster Town reserves at the Davey Fort.

Lewis Gillman capitalised on some slack marking in the Seasiders' defensive ranks to nod past Ashley Caddy and give the Blues the lead.

But Julien Simier headed home his 10th goal of an injury-hit season to level things up midway through he second-half.

Defender Dom Rowe, returning to the sort of form that earned him a pick-of-the-league call-up last season, thought he had put the hosts ahead only for his close range effort to be ruled out for offside by a linesman's flag - a decision that left Lyme feeling hard done by.

With time running out and the Seasiders' 100 per cent home league record about to perish, up popped left-winger Joel Gostling to launch a stunning 40-yard angled shot that soared over Ilminster 'keeper Adam Berry's head and into

the relegation frame after slipping to their seventh consecutive defeat.

After edging the opening exchanges the visitors took the lead in the 28th minute when a corner was only half cleared and the ball dropped to Danny Rawlings who controlled the ball with his instep before unleashing a Peter Crouchlike unstoppable volley from all of

The points were sealed midway through the second period when Ali Kamara reacted quickly to roll the loose ball into the net after challenging the Rainbows"keeper.

The win extends Netherbury's useful unbeaten run to six games with one to play.

## MILLWEY RISE 1 MISTERTON 1

SAM Dibling netted his 36th of the season but title-favourites Millwey Rise were held to a draw by Misterton at Harry's Field.

Shane Featherstone's team do however need just one win from the remaining five matches to be sure of playing premier division football next season.

## UPLYME RES 2 LYME BANTAMS 3

LYME Regis Bantams made hard work of extending their unbeaten run to five matches in a match that should have been done and dusted by the interval.

The Seasiders led neighbours Uplyme Reserves 2-0 but in truth it could, and should have been, six or seven such was their dominance.

Rhys Evans, Ben Strong and Pete Peacock all shot over inside the opening eight minutes before the deadlock was broken.

Evans curled in an inswinging corner which sailed over the head of unsighted home 'keeper Mark Brimicombe to reach league top-scorer Pete Peacock who headed home from under the crossbar.

Peacock went close to adding a second soon after but his lobbed effort drifted just over the crossbar.

But it was a short lived reprieve for the Swallows. Midway through the half another Evans corner reached Wallace Blackmore at the far post the Lyme skipper's header beat Brimicombe but struck the woodwork. Strong was first to react and nodded home from close range.

On the half hour Brimicombe did

well to keep out another Strong header after good work from in-form winger Evans who gave full-back Phil Turner a torrid time.

Lyme were made to pay for their lack of prowess in front of goal as the hosts battled back into the game two minutes after the restart. Veteran referee Bob Hall awarded a free-kick 25 yards from goal.

Up stepped Mark Taylor to drill a low skimming effort that Lyme gloveman Rob Thom got to but couldn't keep out.

But the Seasiders restored their two goal cushion in the 53rd minute when Fred Thomson weaved down the right flank before crossing to Peacock who swiveled well to clip home his 38th goal of the season.

From here the game petered out until the 89th minute when Chris Matthews reduced the deficit with the goal of the

The Uplyme top-scorer pounced on a loose ball on the halfway line before embarking on a weaving run, evading two tackles before coolly guiding the ball past Thom and into the net from 16

But the goal proved to be no more than a consolation and Lyme kept alive their very slim promotion hopes.

Top performers for the hosts were goalscorer Matthews and skipper Rob Prosser with Evans and left-back Simon Flux, making his first start of the season, star men for the visitors.

## Lyme Regis Golf club round-up

the course, 70 stalwart Seniors as-sembled to compete for honours in the first Stableford competition of the summer season.

The course was in immaculate condition for the time of the year with firm fairways giving good run, albeit with some erratic bounces due to the dry hard ground. The greens were mainly very con-

sistent and there were no really valid

excuses for not carding respectable

scores, and this was reflected in the winning scores. Division One was won by Brian Ridley (17) with 44 points followed by John Coley (7) with 39 and David Lines (12) with 37.

Scores recorded in Division Two were no less impressive with Barry Carter (22) clinching first place with 40 points followed by David Newell (20) with 39 points and John Singleton (21) with 37 points.

## Beaminster sign off with nine goal salvo

Beaminster 9 Bournemouth 4th 0 BEAMINSTER Ladies hockey club 1st XI ended their season on a high

by smashing nine past bottom side Bournemouth 4ths. The win means they finished third

in Channel Division One, just one point behind runners-up Gillingham who they beat twice, and champions Swanage & Wareham who can afford to lose their last match such is their goal superiority.

The game also heralded the end of an era with the retirement of stalwart Emma Davies who in later years has also been involved with coaching the young players.

Her ability, tenacity and reliability are skills that any budding players could well learn from.

However her daughter Polly is an up and coming player and played alongside her mother in this match together with two other Davies relatives making it a family affair.

She finished the game in a blaze

of glory by scoring the last two goals to complete the rout.

Beaminster took their time in breaking down the visitors and it wasn't until late in the first-half that Lucy Timbrell (2) and Izzy Davies gave them a comfortable halftime

Izzy Davies then scored a second half hat-trick to make her total four whilst player of the match Timbrell completed her hat-trick with another. Emma Davies then made it a fairytale ending with her brace.

Beaminster will once again need to rebuild with four players off to university this autumn, but in the meantime can look back at an excellent season that but for the unsavoury incident at Gillingham recently might have seen them champions.

◆ Beaminster: Andrews, Timbrell, White, I.Davies, S.Davies, P.Davies, E.Davies, May, Gape, Donovan, Aplin, Crawford, Holloway.

■ LEGEND: There was a fitting end to Emma Davies' distinguished playing career with the Beaminster ladies hockey team.

## Dorchester Tigers 3 Bridport Youth Wanderers 3 Dorset League Cup Under 13 Group 2

DESPITE only having 10 men and playing a side in a higher division, Bridport Wanderers pulled off an excellent draw in this group match, the home side only equalising in the closing minutes.

From the kick-off the Wanderers were very positive. Playing some good football and with a very strong defence they held their hosts before taking the lead midway through the half when Ben Joy chipped the

. However the Tigers eventually breached the Wanderers defence and equalised after hitting the crossbar, and then took the lead just before the break.

Bridport equalised right from the restart when Adam Halford, still in the centre circle, scored

The Tigers numerical advantage began to tell as they started to put the visitors under pressure, but the Wanderers stayed strong with keeper Blu Welsh making some outstanding saves.

Their hard work and perseverance paid dividends when Halford put them ahead with his second goal, but Dorchester drew level in the closing minutes to snatch an equaliser.

Manager Anthony Lockley said: "Considering we only had 10 players and Dorchester are in a higher division my team played a great game, with Ethan Williams playing his very first match of the season due to injury, we expected a very difficult game.

"But the lads were brilliant; very mature, with good skill, communication and team work I am very proud of them all. I gave the whole team the 'Man-of-the-Match award, they all deserved it!"

## **Bees News:** Ressies labour to win

## Poole Borough 2 **Bridport Reserves 3**

IT TOOK a Dom McAllister goal two minutes from time to secure Bridport Reserves all three points in a game they should have won by half-time had they taken their chances

Having missed four glorious oppor-tunities early on it wasn't until midway through the first-half that Ben Clarke gave them the lead from the edge of

Adam Steele added a second in similar circumstances soon after and it looked as if the Bees were finally on their way to a comfortable victory.

However a lack of concentration allowed James Stickland to pull one back just before the break, neatly heading home a cross.

The goal gave Borough a lift and with the wind behind them in the secondhalf they started to dominate and equalised on the hour when Steele and Adam Peart were adjudged to have impeded a Borough player as he went between them. Stickland made no mistake form the spot.

Play began to ebb and flow from then on with both sides creating chances, but it looked like Bridport had missed the chance to consolidate their Magna Dorset Premier League status until Clarke fed McAllister who showed good composure before firing home

the winner from just inside the box.

Joint manager Steve Crabb said: "We made hard work of it to be fair. We created at least half a dozen good chances and should have been out of sight by the break.

"We then gave away a poor goal right on the stroke of half-time which gave

They had the wind in the second-half and put us under pressure and equalised from the spot. I think it was a dubious decision but it put them in the ascendency, but fortunately Dom came up with a good finish just before

Bridport face a tough end of season With eight matches remaining, five of them are against teams in the top six, Wincanton, Holt Chickerell and Westland Sports at St Mary's, and Portland United away, and so their chances of a top six finish themselves are limited.

Crabb said: "Obviously we want to finish as high as we can, but it is a

## Scholesy hat-trick piles on the pressure **Bridport 3rds 3 Wareham Rangers Res 2**

WITH 11 Signal Regiment losing and Dorchester Sports held to a draw this was an important victory although assistant-manager Andy Hitchcock admitted it wasn't one of their better performances.

However a Chris Symes hat-trick

keeps Bridport in second spot in the

Dorset League Division Two, but with two games to play and all the others having games in hand, the odds are not in their favour of promotion.

With many of the sides in the mix having to play each other, the Bees last games are against two of the bottom three sides, so there is still a chance for Wareham took an unexpected lead

on 10minutes when stand-in 'keeper Chris Herbst's punch from a free-kick was headed back into the goalmouth for an easy tap-in.

Bridport responded almost immediately and Symes, nicknamed 'Scholesy', flicked on a long Ashley Walkey throw-in that found its way past everyone. They took the lead on the stroke of

halftime when Gary Bulman com-pleted a run down the right with a measured cross that Symes met on the volley at the far post.

The same combination repeated the move on the hour to complete Symes' hat-trick, and whilst Wareham pulled one back late on. Bridport were comfortably in command.

Hitchcock said: "They had one or two old heads that made it harder for us, but the hard ground and high bounce made it difficult for us to get the ball down and play.

"The score flattered them a bit as we hit the bar and post as well, but Scholsey was excellent. He's has done particularly well in the last few games and is showing the great potential know he has."

## Ring rusty Cullahill back in groove months he appeared well in contention sometime getting away from them. But **Bob Buckler Racing**

WITH STUART BROOM

THE HARD ground has seen a drop in the number of entries around the country despite watering at the courses. Last week's Taunton card saw a max-

imum of five runners in six of the seven races, the exception being the bumper where there were eight.

Despite several horses preferring fast ground, Bob Buckler has quite rightly not risked any of his horses except Cullahill who finished a creditable third at well watered Ascot on Sunday in the Class 2 A. P. Security Veterans' Handican Chase over three miles on good ground. Having his first run for over five

until the leaders started to strike for home at Swindley Bottom second time around, and he dropped to last of the six runners.

However, with Nathan Sweeney aboard he started to pick them off one by one as some tired.

In the end, despite finishing 12 lengths down on the first two, was 19 lengths clear of the next horse, to pick up £1848 for his owner Nick Elliott.

"I was pleased with the run, he was a bit ring rusty and because of the hard

"We were unable to school him much at home, and so whilst he jumped the big Ascot fences well, he was a bit slow

he galloped to the end and will come on for the run."

The stable have several runners entered this week with Small Fly entered at Exeter on Wednesday (4th), and four scheduled at Hereford the same day, and although some rain was forecast for Tuesday, Buckler is sceptical whether they will run.

"Despite watering the course, this can lead to false ground.

"No track is level, and with the ground unable to absorb the water quickly enough, it will run into the dips and you will end up with soft patches on the course which can cause problems.

## **Bridport edged out at North Dorset**

SATURDAY afternoon proved to be the witching hour as far as several local clubs' seasons were concerned.

Over in the west HONITON took on TAVI-STOCK in a game that would, in all probability, decide who was to end the season as champions of the Cornwall & Devon

To the North, CHARD made the journey to third in the table MATSON, knowing that a win for the home side was essential to them if they were to maintain their challenge in the Western Counties league (North); and that a reversal would do Chard's aspirations to end the season as champions no good at all.

In the East, DORCHESTER found themselves with a slight but mathematical chance of a promotion place, but had to start their final push by beating Southern Counties (South) League Leaders, NORTH

Just down the road, WEYMOUTH had a game against second placed WARMIN-STER, in the Dorset & Wilts League Divi-

There was less pressure for the home side however for they had already emerged as the division's top dogs.

## **DORCHESTER 9 NORTH DORSET 15**

THERE was a discernable breeze blowing down the ground for this pivotal Southern Counties (South) encounter and the home side had it at their backs initially.

The action during the first few minutes was, although frenetic, rather inconclusive, and took place for the most part in midfield. After 10 minutes, the home side conceded a penalty 30 metres out, but

the visitors' place kick slid wide.

Dorchester had their first chance a few minutes later, again via the boot, and their kick was wide also.

Although the game did not lack interest and passion, play was confined to the midfield for the first half-hour, at which juncture the home side took the lead through a well-struck penalty by Baker.

They were, I felt, shading the proceedings at this stage, and they struck again before half-time when Baker kicked his second penalty of the half.

Their second quarter edge counted for very little however for, just before the break, North Dorset won a penalty, kicked to the corner and, from the ensuing lineout set up the maul.

Dorchester defended the initial thrust however but their opponents then sent the ball wide, and a cut out pass put their left-winger in at the corner.

The try remained unconverted but, with the score now standing at 6-5, I felt that North Dorset would be the happier bunch at this stage, for they would have the benefit of the breeze in the second period.

North Dorset started the second half the more positive, asking questions of the Dorchester defensive tackling.

The storm was weathered however and, after 10 minutes' play resumed in mid-

The home side then won a penalty some 35 yards out only for Baker's place kick to rebound from a post and his colleagues to concede a penalty in turn which enabled the visitors to clear.

Dorchester were conceding penalties at this stage but were not being punished severely by the North Dorset line kicker.

They won a penalty of their own with some 15 minutes left and assayed a kick at goal, although I felt that it was well out of Baker's range. The kick duly fell short.

Defences had been on top for the most part thus far, but North Dorset got the vital score with some 10 minutes left, and their try, although unconverted, was a good one.

From inside their own half they spun the ball left, making good ground before being checked.

They made the ball available however and, after making a couple of thrusts close to the fringes, sent the ball wide to the right where they had a two man overlap and duly scored close to the posts.

This score importantly put them out of penalty goal range and, having seemingly now found the secret, they scored again a couple of minutes later when a threequarter move from halfway saw one of their centres running clear in the home twenty two. He was checked but the offload came and they got over halfway

Again the conversion was missed but they were now a score clear and, felt safe.

The home side were not done however. A telling run took play into their opponents' twenty two where a penalty was conceded by the defence.

Baker then kicked his third penalty goal of the afternoon to give his side a losing bonus point and to keep their promotion hopes alive.

The win however took North Dorset to the Southern Counties League (South)

This was a game where passion and en-

deavour were more evident than skill as far as both sides were concerned.

After an hour I felt that North Dorset might well founder on their own desires and expectations, for they really did need to take a deep breath and relax at this

Dorchester had given as good as they received in most areas during the first hour, and frustrations were increasing and tempers were fraying.

In the end however one cannot argue with three tries to nil, although I am glad that Dorchester came away with the losing bonus point that keeps their promotion bid on track, just.

Their contribution to the game was certainly worthy of that.

Strange to relate, the Dorchester second side was handed a walkover by visitors, South Wilts, while the third side conceded in turn to Ellingham & Ring-

drove over.

The result was now safe but, after a lull in the scoring, another try came before the break. Mike Robinson scored it after a break by Wilson, and Sheppard converted it to give his side a 36-0 lead at the halfway stage.

Warminster had hardly been in the contest thus far, but were given a roasting by their coach during half-time and, credit to them, they tightened things up, won some possession and were rewarded with a good try during the third quarter.

Weymouth then reasserted themselves. Julian Quick bulldozed his way over as a response, but his side had saved the best

They set up an attack in their own twenty two, going through the phases, running good support lines and offloading, before finally Gareth Isles ran to the posts for Sheppard to convert.

It was the visitors who had the final say however, scoring a converted try as a consolation during the final play of the

## NORTH DORSET 3rd 8 WEYMOUTH 2nd 18

IT was the home side who got off to the better start in this hard and competitive game when they kicked an early penalty

Weymouth came back at them however and scored an unconverted try through hooker, Ryan Keeble Kinsella, who got aver from a lineout close to the home

They went further ahead subsequently with another unconverted effort, touched down in the corner by winger Robert Smith.

Although the home side responded with an unconverted try of their own just before the interval. Weymouth retained their 10-8 lead at the halfway stage.

Weymouth, now playing with both slope and wind, had all the play in the second half. They could not turn pressure into points however, in spite of the efforts of Leon Meter, who strove mightily at the coal face.

Eventually Billie Hain got over in the corner to give his side breathing space. but matters remained unresolved until the final play, when Ryan Lewendon kicked a penalty goal from in front to seal

Weymouth thirds' opponents, North Dorset fourths encountered team raising difficulties and had to concede the Division Four game at Weymouth.

## NORTH DORSET 2nd 12 BRIDPORT 10

THIS was very much a game of two

The home side played with breeze and slope initially and took an early lead, scoring a converted try from close range, after just five minutes play.

Bridport were not letting them have things all their own way however and the game was half an hour old before their next score came.

Bridport were awarded a penalty close to their own line and went for the quick

The off-load did not go to hand however and was intercepted and touched down. This gave the home side a 12-0 interval lead, with Bridport still very much in the contest.

The boot was on the other foot in the second half and Bridport reduced the deficit midway through with an unconverted try, touched down by prop "Bobbie" Watts who wriggled over.

They kept at it and, with 10 minutes left scrum-half George Sparks scampered in after taking a quick tapped penalty.

It was not a day for place kickers however and the conversion kick that would have tied the scores slid wide and North Dorset held on for the narrow win.

The Bridport second side, playing at home, recording a very encouraging win against Salisbury thirds, running out 26-12 winners.

## **OAKMEDIANS 2nd 33 PUDDLETOWN 15**

PUDDLETOWN would have known that they had a hard game in prospect before the kick-off, against the home side who were chasing a promotion place.

They got off to the worst possible start by conceding an unconverted try, touched down out wide. They responded however, did their tackling and snuffed out any home thoughts of a runaway win.

Oakmedians did increase their lead by kicking a penalty midway through the half, only for this to be countered by a similar Tom Yeatman effort.

They went on to give the home defence problems later in the half and, although they trailed 8-3 at the change round, matters were far from resolved.

Alas! It was not to be. Although Puddletown started the second half positively enough, tries from each of the home back three within 10 minutes of the restart put the issue beyond doubt.

They converted one of them and added a penalty goal and Puddletown had to regroup once more. This they did and, although the home side got a pushover score later in the half, they could not stretch away as the visitors came back strongly in the final 10 minutes.

Their pressure did not go unrewarded for, after a flowing move amongst their backs, full back Udell came into the line at pace and got over close to touch.

The try remained unconverted but, a few minutes later, centre Hiscock reacted quickly to take a tapped penalty in the home twenty two and to shrug several tackles on his way across the line.

Yeatman added the extras and Puddletown achieved respectability.

THERE is just one game of league rugby being played on Saturday.

POOLE have requested that PUDDLE-TOWN host them in what will be the clubs' final encounter of the campaign.

I do seem to remember that Puddletown came out on top in this game back in the autumn; but only by the narrowest of margins. I do think that they are a better side now than they were then however and I take them to end the season on

As for the rest of the clubs, there is not a lot happening over the Easter holiday. There are one or two vets tournaments

Lets hope that we get some rain before then to lessen the prospect of bumps and bruises, but in the main, players will be taking a rest before the season's final run in a week later.

ALTHOUGH the Dorset & Wilts League Division One Championship was well and truly in the bag, Weymouth would certainly have been keen to best their nearest rivals, the more especially as they had lost the earlier game at Warminster.

In the event they could hardly have got off to a better start, scoring 17 points without reply during the first 15 minutes'

Winger Will Quick started the ball rolling, getting over for a try after good work by his scrum half Barter.

Sheppard added the extras, and converted the next one also, touched down by Joel Wilson. He kicked a penalty for good measure and Weymouth were away and clear at 17-0 ahead.

Another score followed in short order. Full-back Hoxey scored it, after a fine individual run from his own half. Nick Sheppard converted this one also but could not convert the bonus point try that came when number eight Sam Morris

Meanwhile Lyme Regis Reserves return to action with, unusually, a fixture scheduled for Easter Saturday. In light of next Tuesday's Dorset Junior Cup Final the club have approached the Perry Street League with a view to rearranging the fixture.

But once again this request fell on deaf ears and manager Gerard Hitchcock will have fingers firmly crossed that none of his troops pick up any injuries ahead of the team's biggest game for nine years.

The opponents in the county final are Portland-based Galaxy FC who currently sit in fourth place in the Dorset league division three.

Meanwhile Pete Peacock scored twice as Lyme Bantams won 3-2 at Uplyme Reserves to complete a league double over their near heighbours.

Chris Simpson's side could move up to fifth in the division four table with victory over Barrington Reserves at the Woodroffe School on Saturday. The Uplyme second string have no fixture.

Elsewhere, after a weekend off, both Uplyme and Charmouth return to action in division two.

Fifth placed Uplyme should have few problems against struggling Misterton Reserves and could do Charmouth a favour in the process

For their part the Robins future in the division could well be decided by their trip to Wadham School for a relegation six-pointer against Crewkerne Rangers.
